ABOUT US

10+ Years of Eternal Trust

Over the years, CodeAir has supported businesses with high-quality IT services. We help enterprises leverage technologies to keep business processes optimized and bring on digital transformation. We assist product companies with delivering selling software products to the market. We take pride in being consistently recognized by independent organizations as a trusted and reliable IT services provider, employer and software development company. Take a glance at our Awards & Recognitions. This is how we made success stories for years with our market-leading digitally advanced software solutions.

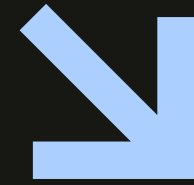

Crafting amazing digital solutions is not our work, it's our duty
Since our inception in 2015
CodeAir has been delivering IT outsourcing services worldwide. We combine business domain knowledge, proven methodologies, and technology expertise of 10+ skilled software professionals to yield high-quality solutions that add value to businesses.

UNVEILING DIGITAL TRANSFORMATION

MISSION AND VISION

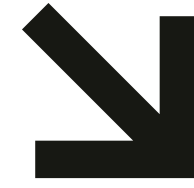

MISSION

We drive business success through innovative digital solutions, enhancing efficiency, fostering growth, and providing a competitive edge for businesses of all sizes, everywhere. We help businesses unveil and satisfy demand for digital transformation by providing engineering and consulting services that foster competitiveness and innovation.

OUR VISION

To be the most recognized and trusted software development company based out of India. To deliver high-quality software development services with integrity, honesty, and transparency with reasonable margins while maintaining profitability.

CORE VALUES

At CodeAir, we embrace a well-established set of cultural and professional values which represent our highest aspirations for how we engage as colleagues, fellows, alumni, partners, and board members

RESPECT

At CodeAir, we foster a culture of mutual respect – for our clients, our colleagues, and the diverse perspectives they bring. We believe that by valuing every individual and their contribution, we create an environment where innovation thrives, partnerships flourish, and trust is built on a foundation of integrity.

EXCEPTIONAL VALUE

Our commitment is to deliver exceptional value in every solution. This means not just meeting, but consistently exceeding, our clients' expectations by deeply understanding their needs, anticipating future demands, and delivering high-quality, impactful software that provides a demonstrable return on investment and a clear competitive edge.

AUTHENTICITY

We operate with unwavering authenticity, characterized by sincerity, honesty, and complete transparency in all our dealings. This open approach ensures trustworthiness, builds strong, lasting relationships, and underpins every decision and interaction, from initial consultation to project delivery and beyond.

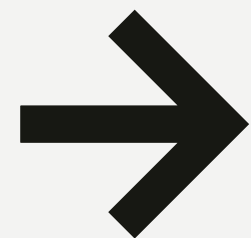

LEADERSHIP

As leaders in digital transformation, we are dedicated to setting new benchmarks for our peers and the industry. We achieve this through continuous innovation, thought leadership, and pioneering new technologies and methodologies, ensuring CodeAir remains at the forefront of software solutions and guides clients towards future success.

WHO WE ARE

At CodeAir, we are more than just a software development firm; we are the dedicated architects of your digital future. Since our establishment in 2015, we've cultivated a vibrant ecosystem of over 65 seasoned technology professionals, each driven by a passion for solving complex challenges and transforming ambitious visions into high-performing digital realities.

COMPETITIVE ADVANTAGE

STAYING AHEAD

Our experienced team, advanced technology, and strategic partnerships give us a competitive edge. We continuously innovate to stay ahead of market trends and deliver superior solutions.

Agility in this industry is necessity not a choice!

KEY MILESTONES

Our Journey

Since our founding in 2015, we have achieved significant milestones. These milestones highlight our growth and success.

2015

CodeAir was founded, securing initial web application projects and establishing its presence in the domestic market.

2016-2018

Expanded service portfolio and successfully delivered projects to first international clients, initiating global growth.

2019-2021

Achieved significant growth in mobile application development, delivering key projects and seeing Sunmungan Swamy take strategic leadership roles.

2022-2023

Surpassed 65+ skilled software professionals and appointed Sunmungan Swamy as CodeAir's Chief Technology Officer, guiding technological strategy.

2024

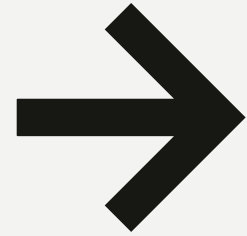

Launched "Ready-Made Solutions" as a key USP and significantly expanded its client base to 38+ countries.

2025

Marks 10 years of sustained leadership, continued tech innovation, and over 140+ successfully delivered apps, bots, and websites.

MANAGEMENT TEAM

LEADERSHIP EXCELLENCE

At CodeAir, leadership excellence, ingrained since 2015, drives our strategic vision and propels continuous innovation. We empower our 65+ professionals to deliver cutting-edge digital solutions, ensuring meticulous project execution and high-quality outcomes. Our commitment to setting industry trends defines CodeAir as a leader in digital transformation.

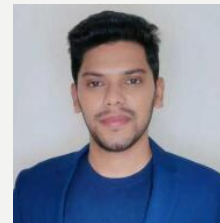

Sunmughan
Swamy - CEO

As CEO, Sunmungan Swamy leads CodeAir with over 10 years of experience as a CTO. His strategic vision and deep technical expertise drive successful projects and significant company growth.

Gaurav Shukla
- CTO

Gaurav leverages 10 years of deep expertise to lead our tech vision and drive the development of innovative, high-quality software solutions. He is instrumental in shaping our technology roadmap and ensuring exceptional product delivery

Abhishek - Sr.
Software Engg.

A highly skilled Senior Software Engineer with extensive experience in developing robust and scalable software solutions. He focuses on technical architecture, code quality, and implementing efficient engineering practices.

Sidhartha Singh
- Frontend Engg.

A skilled Frontend Engineer specializing in crafting engaging user interfaces and ensuring seamless, responsive web experiences with modern technologies.

Ruchita Sharma
- Lead Manager

A dedicated Lead Manager overseeing project execution and team coordination. Her expertise ensures efficient workflows and successful delivery across various initiatives.

FINANCIAL HIGHLIGHTS

Strong Financial Performance

Our robust financial health underpins our commitment to delivering long-term value and innovative solutions. Our consistent growth trajectory reflects strategic management, efficient operations, and unwavering client trust.

KEY MATRICES OF OUR SUCCESS

Consistent Revenue Growth:

Achieving strong year-over-year revenue expansion, demonstrating increasing market demand for our services and successful client acquisition.

Healthy Profitability:

Maintaining stable and healthy profit margins, allowing us to reinvest in talent, technology, and continuous innovation for our clients' benefit

Diversified Client Portfolio:

A balanced and expanding client base across diverse industries and geographies, ensuring resilience and sustainable business continuity.

Strategic Reinvestment:

Consistent allocation of resources into talent development, cutting-edge technologies, and R&D, fueling future growth and advanced capabilities.

CLIENT TESTIMONIALS

01

//

Your whole team did an outstanding job throughout the project and handled the implementation professionally. I have already recommended it to one of my friends.

Raj Kamal Sinha
Director, **Finwell Limited**

Full Stack Financial Ecosystem

We engineered a secure, scalable, full-stack solution:

Robust Backend: High-performance Node.js/Express.js with PostgreSQL for precise, real-time commission calculations.

Intuitive Frontend: Dynamic React.js UI for easy investment tracking, earnings, and referrals.

Advanced Security: Implemented encryption and multi-factor authentication for data and financial asset protection.

Scalable Architecture: Designed for rapid user expansion and new product integration without performance compromise.

Shopify Optimization & Technical SEO Audit

Led a thorough SEO audit, identified opportunities to enhance website performance (speed, mobile responsiveness, navigation), improved search engine rankings through keyword research and content, and implemented schema markup. Technical changes resulted in increased visibility and click-through rates."

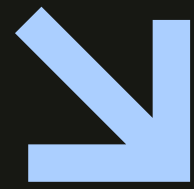

//

I want to shout out that the team has done such a great job in getting the site up today. There have been two small bumps in the road, but overall, It's been a fantastic service. I've really admired their work.

Karl Turnbull
Director, **Ouragins**

AWARDS AND RECOGNITION

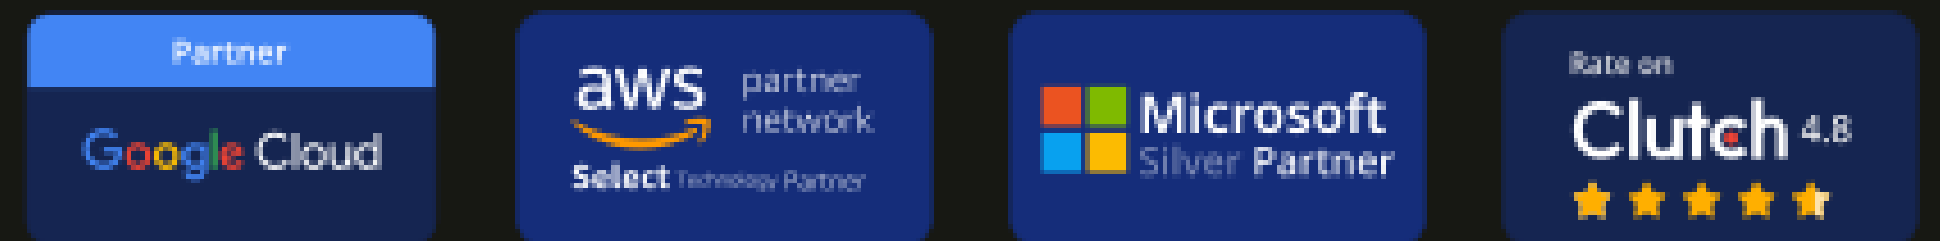

For over 10 years, CodeAir has supported businesses with high-quality IT services. We help enterprises leverage technologies to keep business processes optimized and bring on digital transformation. We assist product companies with delivering software products to the market.
